ABOUT MAEER AND MIT

Maharashtra Academy of Engineering & Educational Research (MAEER) Pune was founded in 1983, with the goal to become a “Center of Excellence in the field of Education and Research”. MAEER was the first step of the revolution in the educational scenario of Maharashtra.

Since then, the MIT Group of Institutions has grown by leaps and bounds and made a strong impact in the field of education throughout the country. With more than 10 campuses in the state of Maharashtra covering almost 1000 acres of area, the MIT Group provides education in the fields of Engineering, Medicine, Pharmacy, Marine Engineering, Insurance, Distance Education, Telecom Management, Lighting, Design, Food & Technology, Retail Management, Masters in Business Administration, School of Government and also School Education

Maharashtra Institute of Technology (MIT) established in 1983, is today amongst the top engineering colleges in India with the sole objective of meeting the challenges of the present and future technical advancements of the fast changing world.

ABOUT THE DEPARTMENT

The Department of Computer Engineering was established in the year 1985. The department is well equipped with an excellent infrastructure and state of the art laboratories. It offers UG and PG programmes and has collaboration with major multinational companies. The department has well equipped software and hardware laboratories along with well qualified and experienced staff. The department organizes various student activities through student chapters like ACM and CSI as well as MCUG (MIT computer Users Group).

ABOUT FDP

In sync with our brand, this FDP is an altogether innovative approach at bridging the gap between the Academia and Industry. What could have been better, than collaborating with Industry giants like – TRDDC and ISACA, also inviting some of their experts as Resource Persons to deliver state-of-the-art sessions on the multiple aspects of Security viz Information Security, Web Security, Cloud Security, Critical Infrastructure Security, IoT Security, Mobile Security and Cyber Security.

This FDP is a wonderful blend of major security aspects, and promises all-round, fulfilling learning experience for its participants. It aims at creating a complete picture about Security.

One of the highlights of this FDP is an exclusive session of Panel Discussion, wherein some of the top notch Industry Experts / Researchers shall be participating in a Question-Answer session with the participants, which shall be a true boon to all budding researchers.

Resource Persons

Experts from IBM, TRDDC, ISACA, Symantec and Cyber Crime Cell Pune.

FDP Objectives

- To gain fundamental and thorough understanding of Information Security and its various aspects.
- To gain insight into the realms of Web Security, Mobile Security, Cloud Security, Cyber Security.

FDP Contents

- Introduction to Security
- Cryptography and Password Security
- Information Security – Risk Management and Compliance Standard 27001
- Web Security
- Mobile Security
- Critical Infrastructure Security & IoT Security.
- Live Demo-Ethical Hacking.
- Cloud Security and Live demo.
- Intrusion Prevention System
- Malware
- Demo of Appscan
- Cyber Crimes & Real Life Case Studies
- Cyber Security and Certifications
- Panel Discussion

CHIEF PATRONS

Hon. Prof. (Dr.) Vishwanath D. Karad
